MUR 4875 NEW JERSEY NETWORK

George E. Borchers alleges that New Jersey Network, a PBS affiliate, failed to give equal media coverage to Independent candidates and did not permit Independent candidates to participate in a debate.

New Jersey Public Broadcasting Authority (NJPBA) responds that the FEC has no jurisdiction over the matters raised in the complaint, nor the power to grant the relief sought by the Complainant. Thus, NJPBA asserts that the case should be dismissed.

This matter is less significant relative to other matters pending before the Commission.
